The Brunswick is the only place in town where you can get hot Tom and Jerry.

Go to 1,000 Main street for fruit, vegetables, tobacco, cigars and notions.

Good lodgings and neat rooms, at Mrs. LeGrande's, next door to Hailey Theater.

H. Ward is to close down his works in Butte for the winter, and come back to Hailey.

Fresh roll butter, eggs, vegetables, fruits, etc., at L. N. Lisle's—for cash, after December 1.

Many of the water service-pipes which froze night before last still remain in that condition.

Mrs. Krieg and Mrs. Tucker, of Indian Creek, will leave for Nevada day after to-morrow—to remain during most of the winter.

Bache's ability as a cutter and tailor is so well known in this community that it is almost useless to fill this paper up with advertisements.

No notice of the order of release said to have been issued in favor of Hatton and Kelly, had been received at the Sheriff's office up to 3 o'clock this afternoon.

Receiver Waters, of the United States Land Office, received a telegram, to-day, from Register Pound, stating that himself and wife expected to reach Hailey to-morrow.

A New Haven lady having noticed a gentleman acquaintance standing in a fixed position in a book and paper store, recently, entered the store and asked him if he was stationary.

C. W. Schwamb, the cabinet-maker, upholsterer and general undertaker, has his shop on Carbonate street at present, two doors East of Main. He is prepared to fill orders on the shortest notice, and with satisfaction. Country orders solicited and given prompt attention.

Luminous key-hole trimmings and door knobs are said to be in great favor with the bibulous inclined person and convenient for others. They are made of glass and the back is covered with luminous paint giving forth a light which may be seen considerable of a distance on the darkest night.

Mrs. Bradley, the artist, has returned to Hailey for the winter, and will open a private boarding-house at her residence, on the northeast corner of Galena and Main streets. Her accom-

modations being limited, those who desire first-class family board should apply at once. Mrs. Bradley will be assisted by her three daughters, do all the work.

The Postmaster General has decided that married women may require that letters addressed to them shall be delivered to no one else.

These nights cause all living in board houses to fearfully wonder if they will escape freezing in bed; while those living in log "cabins" begin to be reconciled to their unfashionable, but comfortable domiciles.

Major Mensch, Grand Watchman of the Grand Lodge of Nevada, A. O. U. W., who has been requested to assist in organizing one or two lodges of the Order in Bellevue and Broadford, has come down from Warm Springs Creek to comply. Major Mensch being willing and ready to do his share, at least one lodge will doubtless shortly be instituted below.

THE PHILADELPHIA COMPANY.

It Has Turned Out 104 Car-loads of Bullion This Campaign.

The campaign of the Philadelphia Smelting Company has been quite brief and very unsatisfactory this year. Only one stack (out of the four) has been in operation this year, and that did not run steadily. The campaign did not begin until the middle of June.

The total output this campaign has been about 1300 tons of bullion, worth an average of \$300 per ton, or an aggregate of about \$400,000. This small yield is due entirely to the conservative policy pursued by the company, as ore has been so plentiful, in and around Ketchum this year, that over 1000 tons were shipped to Omaha, Kansas City or elsewhere.

TWO NIGHTS IN THE LAVA.

A Haileyite 66 Years Old Is Lost During a Cold Spell of 10 Degrees Below Zero.

Johnny Miser, an old gentleman 66 years of age, who lives on a ranch about four miles above Hailey, went down to the lava beds east of Tikura, last week, with a hunting party, to shoot deer. Saturday evening he wandered off from camp, and got lost in the lava. After waiting for him over 36 hours, and fearing that he must have perished, a party started from camp to search for him yesterday morning. After being out about five hours, they found the old gentleman, in apparent good health, but still "lost" as he was walking away from the direction where the camp was. He had been out over 45 hours. He was brought back to camp where he was taken care of, and brought to Hailey at once. This afternoon he seemed to be all right, the only thing the matter with him being a severe cold. He states that the first night he made a fire of sagebrush in the lava and slept beside it all night. The second night he slept in a haystack, without any fire. He had had nothing to eat or drink since leaving camp. The old gentleman can be congratulated on having had a narrow escape from freezing to death, as the mercury sank to 10 degrees below zero, on both nights.

FROM THE CAPITAL.

The Legislators Ready for the Session—The Mormons Ignored by Both Houses—Silly Rumors About Councilman Brearley.

Boise, Idaho, Dec. 8, 1884.

The legislators are nearly all here, and "eager for the fray." J. W. Cunningham, of Ada, will be Chief Clerk of the Council, he having received 9 out of 12 votes in caucus. He is a thoroughly competent gentleman, who will greatly facilitate the work. The temporary organization to-day will be very nearly similar to the permanent organization to-morrow. Hon. E. C. Brearley, your Councilman, was an aspirant for the Presidency of the Council; but was defeated by rumors of pro-Mormon proclivities, and the Presidency given to North Idaho. Mr. Brearley is also credited with an intention of going to New Orleans as Commissioner from this Territory, and this may have had something to do with the defeat of his Presidential aspirations.

The Mormons from Oneida county were left out in the temporary organization of each house—much to their chagrin; and this is accepted as an indication of the temper of the Legislature. The Oneida Mormons who are contesting the seats of the anti-Mormon delegation from that county, can hardly expect anything more than a respectful hearing from this Legislature.

The legislators seem unanimous in the opinion that some decisive steps must be taken at this session to curb the Mormon polygamic power.

Recorder and Auditor C. B. Fox, District Attorney Bruner, Commissioner Merrill, Jas. H. Hawley, Jos. M. Woodworth and others are here from Alturas. Most of them are working for Harry McCallum as Chief Clerk of the Assembly. It seems to be virtually settled that Mr. McCallum will get the office on the score of locality, while Mr. Woodworth will also get a clerkship in the Assembly.

Following is the roll of the Assembly, as prepared for the temporary organization:

REPUBLICANS.
Ada County—C. I. Simpson, D. W. Fouch, M. H. Goodwin.
Boise County—G. B. Baldwin.
Nez Perce County—J. P. Quarrels, L. P. Whitsett.
Lemhi County—J. P. Clough.
Owyhee County—Dave Adams.
Washington County—G. W. Adams.
Custer County—J. C. Fox.
Shoshone and Kootenai—William King.

ANTI-MORMONS.
Oneida County—W. B. Green, C. M. Hull, D. R. Jones, A. R. Stalker.

DEMOCRATS.
Ada County—J. Lamme.
Alturas County—J. K. Watson.
Boise County—M. G. Luney.
Nez Perce County—W. T. McKern.
Idaho County—S. M. McWilliams, Phil Cleary.

MORMONS.
Cassia County—W. C. Martindale.
Bear Lake County—A. B. Wright, W. N. B. Shepherd.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP FOR CHILDREN TEething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. MRS. WINSLOW'S SOOTHING SYRUP FOR CHILDREN TEething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. 25 cts. a bottle. jcl2dw.y

FROM BOISE.

The Ketchum Vote to be Counted—Hatton and Kelly to be Released.

Hon John M. Cannady, County Recorder and Auditor-elect, has received a letter from Hon. James H. Hawley, stating that Judge Broderick has issued a peremptory mandate ordering the Board of County Commissioners of Alturas County to count the returns of Ketchum precinct. This, it is probable, will carry the canvassing of the returns of the two other precincts which were thrown out for the same reason as those of Ketchum.

Mr. Hawley also stated that he had obtained an order for the release of Hatton and Kelly, the two men accused of the murder of Aron Morris.

THE PARKER.

A Group of Prospects that Has Yielded \$100,000 the Past Twelve Months.

An average of four tons of first class ore is received daily at the Hailey Sampling Works from the Parker group of mines. This ore carries an average of 225 ounces silver and about 60 per cent. lead, and is therefore worth about \$235 per ton. The group has yielded, the past year, over \$100,000, of which more than one-half was profit. The mines are being developed in a workmanlike manner, extensive ore-reserves being left ready for extraction.

The Saints Having a Hard Time of It.

In Arizona five good Mormon Saints have just been convicted of polygamy. Bishop P. J. Christofferson, Ammon M. Tenny and C. I. Kemp have been sentenced to pay \$500 fine each and be imprisoned three-and-a-half years in the United States House of Correction at Detroit, Michigan. Bishops Wm. J. Flake and James F. Kronsen, who pleaded guilty, were fined \$500 each and committed to the Yuma Penitentiary for six months. Kemp leaves two wives and 12 children in destitute circumstances. He desired to plead guilty, but was prevented by a threat of excommunication from the Mormon Church.

The Deep Levels Temporarily Abandoned.

In the Sierra Nevada, Union Con., Mexican, Ophir, California and Con. Virginia mines, on the great Comstock lode, all work below the 2700-foot level has been suspended, and the air-pumps taken up from the 3300 to the 2700-level. The force of miners will now be increased, and the levels between the last-named and the surface thoroughly prospected. In the haste to attain depth much of the ground indicated was left entirely unprospected.

A Guessing Gift.

The ladies of Hailey and vicinity are invited to call at Hendrick's and inspect a free guessing gift, worth \$30, which he intends to give to the lady who guesses nearest to its actual weight. d9c3
